Supporting sustainability

At Original Irish Hotels we are committed to achieving the highest level of sustainability and reducing our carbon footprint across each of our hotels in support of a greener environment.

Many hotels such as Parknasilla Resort & Spa, Lough Rynn Castle or Casey’s of Baltimore have implemented their own organic kitchen and herb gardens, minimising their impact on the environment. Other hotels such as Cabra Castle Hotel have made a conscious effort to plant more trees which has created a new habitat for birds and other wildlife.

The Dunraven Adare produce its own herbs and micro herbs in the Dunraven garden, enriched by its own compost produced from some of its organic waste. The remainder of the hotel’s organic/food waste is removed from onsite and converted into biofuel by its selected food waste collector with whom the staff collaborate with once a year.

The hotel has also constructed its own Insect Hotel to provide an ideal habitat for all sorts of beneficial insects, particularly for solitary bees and wasps that make individual nests for their larvae.

We continually strive to improve our environmental practices across a range of areas including waste, energy, water, and travel.

Initiatives undertaken by our hotels include switching to LED lighting or installing combined heat and power systems which are healthier for the environment. Plastic is slowly becoming a thing of the past with most hotels switching to glass or reusable bottles and paper straws. Several of our hotels have been awarded for their environmental practices while many others are proud members of REPAK, the environmental non-profit organisation which promotes recycling and sustainability such as Headfort Arms Hotel Clean Cup campaign promoting sustainable reusable cups.

Other properties such as Randles Hotel boast a 20m indoor pool which has been converted to a green friendly Zero Carbon heating system making it Kerry’s only carbon neutral swimming pool.

Fitzgerald Woodlands House Hotel & Spa are proud holders of the TripAdvisor, Green Leader, Bronze Award and were also Green Awards Finalists in 2019. Caring for the environment is second nature for the Fitzgerald Family with them implementing several proactive measures to help protect the environment throughout their hotel, restaurant, and spa. All food-waste is composted and used for Mary’s Organic Garden and the organic farm, both of which are home to trees planted as part of the resort’s carbon offset programme. Microbeads are banned from the hotel’s in-room toiletries and Revas Spa and staff right across the resort are working towards eliminating single use plastic with the hotels go-to packaging being 97% fully compostable. What’s more the resort also has its own well and waste-water treatment plant on-site, which means it is entirely self-sufficient.

Brooklodge & Macreddin Village has a variety of venues onsite offering free range, organic and wild food options. The Strawberry Tree is Ireland’s first certified organic restaurant, which features the freshest organic and wild foods, many grown to order on nearby organic farms, or foraged by the hotel’s own chefs and full-time food foragers in the fields and woods surrounding Macreddin Village.

The world’s first ZEROKM Dinner took place in Macreddin Village at the start of October 2017 — and history was made!

The Strawberry Tree Brigade set out daily to harvest wild foods to showcase on all menus at the Village. With help from its producer and farmer friends, Brooklodge proudly rear, grow and harvest all its own produce and ingredients required for its ZEROKM dinner within less than one Kilometre from Macreddin Village.

Take the wild route

Wind along coast-hugging roads and discover 2,500 kilometres of jaw-dropping Atlantic beauty.

The Wild Atlantic Way stretches along Ireland’s western seaboard. From Donegal in the north to Cork in the south, through regions like Connemara, The Burren, Galway Bay and Kerry, the route is the longest defined coastal route in the world.

Many of our Hotels are located along this coastal route and are a fantastic match with which to experience the route while staying in independent and uniquely different hotels with a truly Irish feel.

Day 1 — DONEGAL

Take the coast road towards the most northerly point in Ireland, Malin Head where the wild Atlantic has carved deep crevices into the rugged headland.

Enjoy panoramic views at Fanad Head and Fanad Lighthouse and the sweeping views from Sliabh Liag, which are amongst the highest sea cliffs in Europe as you head towards Donegal town.

Day 2 — DONEGAL TO MAYO

As you leave Donegal and explore the coast of Sligo and Mayo, you can experience waves like no other at Mullaghmore Head.

As you move into Mayo you will notice that this region has some fantastic championship golf courses. The bustling town of Westport is one of the most popular destinations in Ireland and comes alive with traditional Irish music sessions.

The town is renowned for the Great Western Greenway, Ireland’s first off-road walking and cycling trail which is 42 km long and runs from Westport to Achill Island.

Day 4 — CONNEMARA TO THE BURREN

Travelling south from Connemara, you will pass through the city of Galway, renowned for its culture and youthful vibrancy.

From Galway, you will move along the coast to one of the most dramatic and famous stretches of coast in the world. This region of Clare is known as The Burren and is a vast limestone landscape that covers much of the county and then out to sea, where it appears again in the form of the Aran Islands.

Moving down this dramatic coastline you will reach the world famous Cliffs of Moher. These cliffs can be viewed by sea or those brave enough can walk along the top as they look out over the Atlantic Ocean.

Day 5 — CLARE TO RING OF KERRY

Next is ‘The Kingdom’ of Kerry with its dramatic mountains, coastal views and lively towns. Dingle offers visitors fantastic Irish music, stunning views, award winning seafood restaurants and a warm welcome.

From here you will make your way onto the Ring of Kerry, which follows the course of the largest peninsula in Kerry.

You will travel through winding roads that hug Ireland’s highest mountain range and reach the remote outpost of Skellig Michael. Eight miles off the coast is one of the wonders of the world. Skellig Michael is a UNESCO World Heritage Site and is where, 1300 years ago, Christian monks built a remarkable home at the top of this jagged ocean rock.

Day 6 — KERRY TO CORK

Before you leave County Kerry, you will arrive in the market town of Kenmare, a haven for tranquillity, boutique shopping, gourmet food and breathtaking scenery.

As you travel through the rest of the Beara Peninsula, you will see a changing of the landscape that has an almost microclimate which allows the growth of lush vegetation and sub-tropical shrubs.

You can go no further south and west in the whole of Ireland, when you reach Mizen Head. From here you can walk across the arched suspension bridge connecting the mainland to a rocky crag that points out to the crashing seas.

Travel towards Kinsale, on the way stop off at some of the quaint fishing villages such as Skibbereen and Baltimore that hug the coast and harness the Atlantic Ocean for fishing.

Reaching Kinsale you will discover a town that is known as the gourmet capital of Ireland and is foodie heaven!

Stay at:

Day 3 — MAYO TO CONNEMARA

As you move along this coastal route, you will be entering the unique landscape of Connemara which has been described as one of the most scenic regions in Ireland.

Killary Harbour is famous as the start of the Killary Fjord which is a glacial fjord that contains some of Ireland’s most awe-inspiring and dramatic scenery.

As you move through the rest of Connemara, you will reach some stunningly remote locations that offer extraordinary castles and abbeys to view and explore. The famous Kylemore Abbey and Victorian Walled Gardens are a must-visit.

When you explore Ireland’s Ancient East, you wander through 5,000 years of history in the land of legends.

In these lush, green lands, tales of feuding dynasties hide behind crumbling Gothic architecture; ghostly tombs predate the pyramids; and knights, kings, monks and Vikings loom large in incredible stories.

Climb atop the same hills where high kings sat and the light of St Patrick’s fires flickered. Stay in the many Original Irish Hotels nestled into this timeless landscape and uncover its ancient secrets.

Day 1 — DUBLIN TO MEATH

Travelling north from Dublin heading straight for some of Ireland’s Neolithic structures and through hills and valleys that played a part in battles that shaped Medieval Ireland.

Built in 3200 BC, Newgrange, passage tomb is older than the pyramids and just as mysterious – and the secret it reveals each year on the winter solstice is extraordinary.

The location of the Battle of the Boyne is the townland of Oldbridge which is just west of Drogheda.

Also visit the market town of Kells which is famous as the location which gave its name to the ‘Book of Kells’. And a visit to the Boyne Valley isn’t complete without seeing Trim Castle which is the largest Anglo Norman castle in Ireland.

Day 2 — WICKLOW

Continue to explore Ireland’s Ancient East with a visit to what is affectionately known as the sunny south east and Co. Wicklow, known as the Garden of Ireland. Within the Wicklow National Park there are numerous sights & parks. Glendalough National Park is a stunning valley featuring a monastic settlement founded by St. Kevin in the 6th century.

The harshness of prison life in the 18th Century, the passion of the 1798 rebellion, the cruelty of the transportation ships and hope of a new life in Australia can all be experienced in Wicklow Gaol.

Why not take in a visit to Jerpoint glass or travel along the river Barrow to the historic ruins at St Mullins.

Make your way south towards the historic Medieval city of Kilkenny, with its many boutiques, artisan craft shops and fabulous restaurants. The jewel in the crown of this bustling city is its castle which stand at its heart.

Day 4 — TIPPERARY & CORK

A short journey will see you enter the Golden Vale of Ireland and you will enter Cashel and undoubtedly see the Rock of Cashel which dominates the surrounding town land. One of the most impressive medieval sites on the island of Ireland.

After a step into the past in Cashel, you will make your way towards Blarney to visit the castle and Woollen Mills. Blarney Castle near Cork City is perhaps most famous for the Blarney Stone. According to legend, the stone has the power to give anyone who kisses it the ‘gift of the gab’ (or the ability to be a smooth talker).

Take a trip through Cork, taking in castles, forts and heritage buildings along the way. Notably Cork City Gaol, Blackrock and Barryscourt Castles, Cobh and the Titanic Story which in 1912 was the last port of call for the ill-fated Titanic. Nourish is about moments. Evocative, visceral moments that resonate deeply and emotionally. Moments that make you feel warm. Moments that stay with you and populate your memories.

Parknasilla Resort & Spa is full of these moments. It’s stunning location; the seemingly boundless grounds with tracks and trails that wind tantalisingly on and on, the ocean; wild yet comforting, that laps and crashes over the rocky outcrops and rattling pebbles alike, the food; tasty, generous and satisfying, the activities; jumping off piers into the sea, drifting aimlessly in a kayak and unwinding in the lounge; eyes moving from the page of a book to look at the raw Atlantic coastline through the window, the mind unfurling in reflection, the rooms; unpretentious, cosy, quietly luxurious and time to revive your senses in the ocean side spa.
